

EZ Change

CHANGEABLE LED SIGN

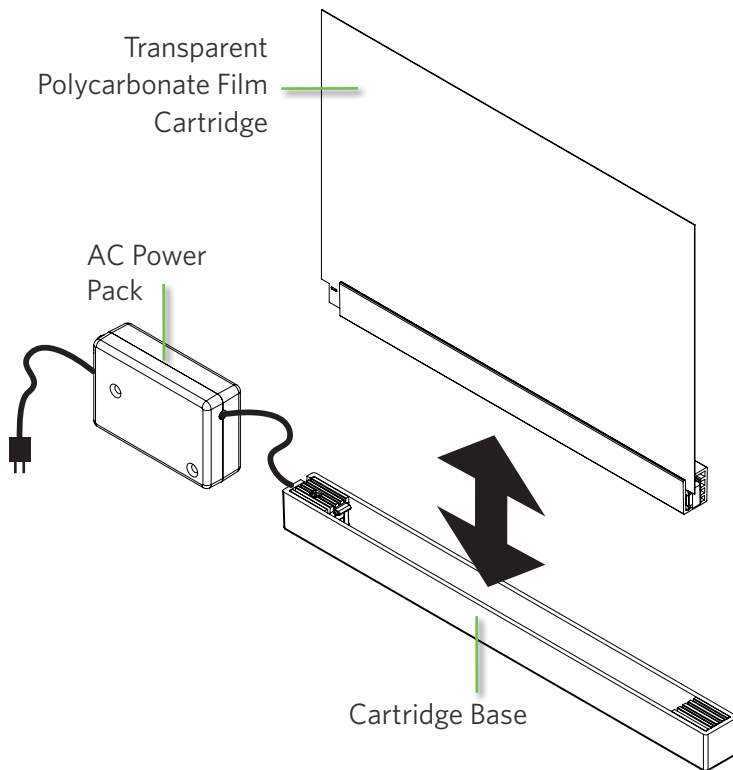

Bring attention to your product at just the right moment with this revolutionary, technologically advanced, LED lit optical EZ-Change Sign from Design Phase, Inc. Your brand message is illuminated and projected on a flexible ultra-thin optical film. Invisible at first, the message is activated and flashes when shoppers come within 10 feet, capturing their attention right at the point of purchase.

Call 847-473-0077 to light up your sales

The InvisiSign EZ-Change Sign offers a truly unique and creative approach to bringing attention to your project. Versatile in configuration and graphical applications, the EZ-Change Sign applies the latest technology in LED lighting and signage to change the way we see products.
